Marketplace Hackathon
2025

Step 1: Choose Your Marketplace Type

Comforty is a niche E-commerce specializing in ergonomic and customizable office furniture for business and remote workers.

Step 2: Define Your Business Goals

Problem To Solve:

Businesses and remote workers often struggle to find high-quality, ergonomic office furniture that meets their specific needs and budgets. Comforty solves this by offering a curated selection of customizable furniture designed to enhance productivity and well-being in the workplace (whether that's corporate office or home office)

Target Audience:
- Small to Medium Sized Businesses (SMBs), seeking to furnish or upgrade their office spaces with ergonomic and functional furniture that aligns with their brand and budget
- Remote Workers/Home Office Professionals, Looking for comfortable and supportive furniture to create productive and healthy home office environments

Products Offered:
- Chairs
- Sofas
- Stools

What Sets Us Apart
- Affordable Pricing
- Customization Options
